<div>Dear Ladies and Gentlemen,  I would like to introduce myself. My name is Hummat Shahgaldiyev, I graduated from Azerbaijan State Maritime Academy. I am holding Chief Engineer Unlimited CoC and my Offshore experience is a plus. I have been working in Offshore industry since 2016, and across this period, I managed to accumulate a good experience and knowledge across various types of Offshore vessels such as MPSV, DSV, CLV and PSV.  I was working on Electrical propulsion vessels with CPP and frequency converters. I have experience with subsea installations, cable laying and repair, ROV support and Diving works.  I am able to perform any kind of job successfully before deadlines, able to prioritize, have good communication Interpersonal skills, multitasking, and open to change. My prerogative value is the safety of people I work with, the ability to compromise, trust and respect to each other.</div>				

I used to work in the multinational environment and put maximum effort to complete the task in a safe and Efficient manner. I would like to find a permanent job on DP-2 vessel of Offshore Fleet in capacity of Chief Engineer/Second Engineer.

With gratitude and with great devotion, I will accept offers for work in your Company. Ready to pass any interview. If you have any further questions, please do not hesitate to contact with me via email, phone or WhatsApp. I am always open for new offers and opportunities.

Thank you very much for your time. I will be looking forward hearing from you soon!
