# About

My name is Abdul Basit Hafiz, a highly motivated and multilingual professional with a passion for the Maritime industry as well as Business/Sales/Marketing and logistics.

As a Saudi Arabian born to Pakistani parents, I have grown up speaking Urdu, Arabic, and English fluently. and added the Turkish language to my abilities later.

I graduated from high school in Saudi Arabia with a CGB of 91.48%, which paved the way for me to study Maritime Business Administration at Bulent Ecevit University in Turkey. During my studies, I had the opportunity to do an Erasmus program at the Lithuanian Maritime Academy in Lithuania, Klaipeda.

I am eager to contribute my skills and gain hands-on experience in a dynamic, innovative work environment. I can bring a positive and proactive approach to teams and contribute to the company's goals.

I am confident that my skills, experience, and passion for the industry will make me an asset to any organization. I look forward to connecting with professionals in my field and exploring exciting opportunities for growth and development.

Sincerely,

Abdul basit Hafiz
