PROFILE

I am a highly motivated, attentive and organized Offshore Stage 2 Crane Operator. I have a good experience on 35t NOV and 100t Kenz crane. Please look at to my experience in IMCA record book that I can provide you. In my excellent offshore experience I have worked as a Assistant Crane Technician, 3rd Engineer, Deck Mechanic and Motorman positions. I am technically strong & mechanically minded which allows me to carry out crane maintenance like filter change, HPU maintenance, basic electrical skills, knowledge hydraulic systems, oil change as required . I'm open to get any new training (gangway course). I'm looking for a Crane Operator job and once again prove my professional work ethic & skillset.
