Kerim Kapazan

Merchant Navy Second Officer

Having worked 6 six years as a Second Officer, I bring a thourough experience in overseeing navigational operation, conducting vessel inspections and loading/unloading cargo.

As mentioned in my work experience, I commenced my career in 2015 as a deck cadet in Dadaylılar Shipping Corporation. Since then, I worked 6 months as a Third Officer and eventually proceeded as a Second Officer. My recent contract was with ICDAS. I am currently looking to expand my horizons and to achieve more experience that could lead me to working as a Chief Officer.

I possess strong leadership abilities, demonstrated through effective team coordination and decision-making in high-pressure situations. With a solid background in maritime operations and a proven track record of ensuring safe and efficient vessel navigation, I am confident in my ability to contribute effectively to your team.
