Dedicated marine professional with over 30 years of hands-on experience, evolving from shipyard roles to becoming a seasoned Chief Engineer. Motivated by a deep love and passion for the sea, my experience reflects a commitment to high standards in ensuring both the safety of the vessel and the optimal functioning of its mechanical and electrical systems.

My extensive qualifications include a Yacht Y3 equivalent marine Turkish license as Chief Engineer, Engine Officer for 3000Kw and have successfully managed a variety of vessels, including ,yachts,RoRo, dry cargo,ferries,diesel ,electric or gas-powered and specialized fishing ships.

Beyond my technical expertise, my diverse interests in electrics mechanics ,footmal, and fishing contribute to my adaptable and well-rounded nature. Eager to apply my wealth of experience, technical proficiency, and passion for the sea to new challenges as Chief Engineer or Second Engineer on sailing yachts or motor yachts
