[Romania, Mărășești , 01/09/2022 – 15/03/2023]

Write here the Mărășești is a small town in the county of Vrancea in eastern Romania. Mărășești is known as a town of great historical importance as a major battle took place here during the First World War. The Marasesti Mausoleum is one of the most important memorial sites in Europe. Today, Mărășești is the poorest town in Vrancea County, with a population of around 11,000. The town is a disadvantaged area, has no economy, and many residents receive social security benefits or are in extreme poverty. However, in this town, there are 4 primary schools where 1200 children between the ages of 6-14 are educated and a high school where 200 students are educated. The town is characterized by the lack of recreational facilities and places for young people. Music, sports, art and activity opportunities for young people in Maraști district are almost zero and most of the young people are faced with a lack of positive role models and conscious leaders. All the projects of our organization are aimed at children/young people/elderly people in our region. Focșani is the capital of Vrancea county, located in the historical Moldavia region, in eastern Romania.
