

# Fatih Yegül

İstanbul, Türkiye ✉ fatih.25323@gmail.com 📞 +90-505-1427742

## EXPERIENCE

06.2023-08.2023 Ship Design and Shipbuilding engineer  
09.2023-01.2024 Startup engineer

## EDUCATION

09.2018-2020	medical documentation and secretarial Firat University	2.51 /4.00 Eskişehir/Turkey
09.2020-01.2024	naval architecture and marine engineering Yildiz Technical University	3.32/4.00 İstanbul/Turkey
09.2021	Mechatronic Engineering Yildiz Technical University	2.66 /4.00 İstanbul/Turkey

## YETENEKLER / YETKİNLİKLER

Languages	Computer skills	
English – C1 Spanish – B1 Turkish - First language Zazaki – First language	Microsoft office 365 Rhino AutoCad Maxsurf Python	

## SEMINARS and CERTIFICATES

- STCW (International Convention on Standards of Training, Certification and Watchkeeping for Seafarers (01.2024-01.2029)

## PROFESSIONAL SUMMARY

- Good knowledge of ship design and ship structure.
- Experience with hull structural design standards
- Preparing vessel Construction plans.
- Preparing technical drawings(2D & 3D), documents, and calculations.
- Converting 2D drawing into 3D drawing
- Well organized with high multitasking abilities to get jobs done and meet deadlines.
- Proficient in Matplotlib for data visualization, creating compelling charts, graphs, and plots to effectively communicate complex information.
- Extensive experience in designing and customizing visual representations of data for presentations and reports.
- Proficient in efficient manipulation, analysis of large datasets , statistical analysis, and data transformation tasks through a solid understanding of numerical computing tools
- Proficient in developing interactive and user-friendly graphical user interfaces (GUIs) for Python applications, utilizing advanced skills in interface development
- Proficient in automated web scraping for data extraction from various sources, contributing to streamlined data retrieval processes. Extensive experience in data manipulation and analysis using a variety of tools, facilitating tasks such as data cleaning, transformation, and statistical analyses for informed decision-making.
