Hello, I have been working at sea for more than 3 years, graduated from Maritime College . I started my maritime career from the position of Mess Man on DP2 Shuttle Tanker. At the beginning of 2022 I was offered my first contract on RO-pax, I started with a job in a housekeeping, our team of 6 people we prepared 350-500 passenger cabins per shift. After working 2 months my contract ended, I earned good money, and realised that I wanted to continue working as a STEWARD. After a couple of months I got on a project with refugees from all over the world, (passenger ships docked in Holland). There I got good experience in working and communicating with different nationalities, improved my English. Then I realised that I am interested in communicating with people. I helped in the restaurant, cleaned the rooms, washed dishes, sometimes helped the cook, worked at the bar and a couple of weeks at the reception.

I also worked on various other projects and ships (Irish ferrys, Steam-packet, Celebrity Cruise) (Philipinian, British, Latvian, Lithuanian, Georgian, Swedish nationalities worked with me). I have free knowledge of English, experience on different working areas of passenger service, knowledge of safety on board. I will be glad to your offer.
