SUMMARY

Taking upon this chance and applying to be a part and asset of the organization, despite the fact that I am a senior seafarer, I guarantee performance within the terms of the signed contract until the day of my disembarkation. During my time as a radio officer and head cook, I delivered high-quality performances that met my clients' expectations, received great praise, and were well served in European, Russian, Asian, and other international cuisine. Verification of my appraisal performance with past and current employers will speak for itself regarding my reputation for further evaluation. My competency and other training certificates are all valid, with the exception of my US Visa, SHENGEN visa still valid until 07.04.2025.
