About Me

I have been working on Oil/Chemical tankers since 1996 and from 2011 as Master. I have learned a lot about what it takes to be a good seaman. I have also learned how important it is to be able to work well with others. I know that teamwork is one of the most important things when it comes to being successful on a ship. I am a team player who is committed to the safety of the crew and the vessel. I have a strong work ethic and I am always looking for ways to improve my skills and knowledge. I am confident that I can be a valuable asset to your company and I look forward to the opportunity to discuss this position further. In addition to my experience and skills, I am also a motivated and hard-working individual. I am always willing to go the extra mile to get the job done. I am confident that I have the drive and determination to succeed in this role.
