About Me

I joined my first car ship, managed by Neptune Enterprises Ltd., on 1998 as a cadet and had no other type of vessel in entire service but Ro-Ro/PCTC only, throughout my career till present days. 10 years later, in 2008 I took command over my first ship in Master position on one of the Neptune vessels. I had 15 years of service in Neptune in total and experience being trading with Lineas Suardiaz, UECC and MOL under short term charter's conditions. In 2013 I took command over Gram Car Carriers (Norway) owned vessel. In 2017 I was honored to participate the newest GCC vessel "Viking Destiny" on her delivery in China, at Jinling Shipyard. Viking Destiny is PANAMAX class PCTC powered by MAN B&W 6S60 ME-C8.2 Tier II. I was pleased to operate the GCC vessels under K-Line, Wallenius Wilhelmsen, HOEGH Autoliners, Hyundai Glovis and UECC. In 2022 I joined Bahri fleet on one of company's Roll on Roll off cargo ship. Working as a ship Master for the last 17 years, I have gained significant experience working on ships equipped with ramps and carrying all kinds of ro-ro, lo-lo and cargoes in containers. I carried all known type of vehicles, heavy machines, trains, trucks and its drivers, aircrafts, IMO cargo, project cargo, military cargoes etc. I served on different vessels with a single and twin propellers combination, propelled with fixed and variable pitch screws. Those vessels equipped with a means that can significantly expand the maneuverability of the vessel, such as bow and stern thrusters and Becker flap rudders, which in turn allowed me to safely dock and undock the vessel in the most cramped conditions and without the help of a tug. At the same time I took a role of cargo planner when I was working for Neptune Lines in Chief Officer position. My duty was to plan the loading and utilize ships capacities in most effective way where cargo weight, its dimensions and port rotation to be considered. I have communication skills, I easily establish contacts, keep up the conversation, I can negotiate and insist on my own. I have a high degree of responsibility and self-organization. Ready to work in close collaboration with other professionals in multitasking mode. I can quickly navigate and find a way out in difficult situations. In my career, I always stand out for my achievements in the fulfillment of tasks. I'm proactive, I work for the result, and I do not back down in the face of difficulties. I always bring all the work I have started to the end, under any circumstances.

EXPERIENCE

Master - RO-RO

18.02.2024 - 27.05.2024 (3 months, 9 days)

Vessel Name Bahri Hofuf	Vessel flag Saudi Arabia	ME Type Wartsila	Vessel owner National Shipping Company of Saudi Arabia
