**About Me**

Good Day! My name is Dmitry Sobolev. I am from Kaliningrad, Russian Federation, I am 31 years old. I am currently looking for an opportunity to get a job as an assistant electrical engineer/electrical machinist. I graduated from the Maritime Academy and have relevant work documents and work experience. Previously, I worked on tankers for the transportation of liquefied gas (more than 10 contracts). On my first contract, I worked as a sailor, and then moved to the position of a machinist. I took part in the acceptance of two new construction vessels and graduated from the Volga State University of Water Transport. I learn everything very quickly and would like to find a job in a good company with ample opportunities for career growth. I am sociable, responsible and hardworking; I have experience in compiling documentation on a ship. I have a very good experience of keeping watch in the engine room. I worked in a mixed team. I have experience in spoken English. Please review my resume and, if you have the opportune. Yours's faithfully. Sobolev Dmitry Alekseevich.
