About Me

In 2009 was graduated from the Odessa National Maritime Academy as a Marine Engineer, Professionally, the last 13+ years have been spent on many different ships with a wide ranging mission profile (cargo transfer, Oil Rig support, Fire fighting vessel, Diving support). This experience is combined with superior academic standings, extensive training, professional attitude and keenest. These ingredients blend well to provide a solid knowledge base for a professional, productive Engineering Officer. In addition to technical skills i have strong experience in managing personnel as a manager (Chief Engineer in offshore Tidewater Company, 2nd Engineer), strong experience in a correspondence, Safety culture, communicative and well behaved show i the team, i would gladly consider the opportunity to work in logistics as i consider this an interesting opportunity for coastal work. Professional goals Consistently and safely perform duties as Certified Marine Engineering professional with a high focus on quality; with the ultimate goal of sustaining a healthy family life. Soft Skills leadership, coaching and discipline, training and mentoring of subordinates, cadets, trainees. Administration Have a strong experience as a Chief Engineer on Tidewater company vessels (12 month total in position), preventive maintenance program implementation and administration; developing procedures and producing appropriate paper work to satisfy regulatory authorities and company objectives (i.e. ISM, JSA, Permits to work, etc), Diesel Engines repair and maintenance experience on considerable amount of other brands such as Cummince, MAN, Caterpillar. Fuels fully conversant with MDO (diesel), Fuel Oil handling machinery operation and procedures. Fluent with various Alfa Laval purifiers and some Westfalia. Water Systems extensive experience with fresh water production equipment, including Reverse Osmosis plants. Familiar with water testing and treatment of feed systems and fresh / potable water production and distribution and its quality management within a large system. Waste Systems comfortable with numerous types of Oily Waste Separators and procedures, conversant in regulations and administration of records. Intimate experience with numerous Marine Sanitation Devices, large and small, and associated procedures. Electrical proficient in DC & AC, production and distribution, experience in diesel electric propulsion plants Refit experience rebuilding various valves, pumps, compressors (Sparre), purifiers (Alfa Laval, Westfalia), piping and numerous other components along with shipyard supervisory duties. Hydraulics Framo cargo systems, troubleshooting, repairs and installations of hydraulic systems. Controls comfortable with electro-hydraulic, pneumatic and electronic systems Language Ukrainian, Russian, English, Norsk still in progress))). Computers very comfortable with set up, use, and networking - multiple suites, programs and OS. Good knowledge of Marine Dynamic Position systems such as Key Pos 2.1 by Konsberg with DP Maintenance Certificate as well. All my certificates still valid.
