EXPERIENCE:

Working in a multinational ship crew

British, India, Polish, Greek, German, Romania, Bulgaria, Singapore, Philippines, Pakistan etc.

Dry-docking experience:

Bahamas	Freetown, 2016
Panama	Bilbao, 2018
Turkey	Tuzla, 2024

Voyage and Trading area experience:

Worldwide voyages, the North Sea, and the English Channel. Caribbean Sea, Mediterranean Sea, Atlantic Ocean, Pacific Ocean, Indian Ocean, Mexican Gulf, etc.

Vessel handling experience:

Proficiency in Pilotless and tugboat-free maneuvering for mooring/unmooring, river passage, and narrow straits passage.

Skilled in the Mediterranean and alongside mooring without port facilities assistance.

Vectwin rudder system (two rudders) - expert in steering.

Advanced ECDIS user.

Cargo carriage and handling experience:

- All kinds of vehicles
- High & Heavy cargo
- full-tracks units
- cars, trucks & buses
- bulldozers, loaders, caterpillars, and many other ro-ro cargos.
- Containers
- many types of dry cargo
- cargos in bulk
- steel products.
- timbers

Other seagoing experiences:

Great experience and knowledge in procedure and how to successfully prepare the vessel and pass PSC, Flag State, and other Safety and Security inspections.

PMS, rest & working hours, and other onboard software are familiar to advanced computer users.

I am experienced in SAR operations and salvaging one French flag pleasure boat near the Martinique coast.

Good skills in English business communication and effective writing of emails. English is fluent.

Employment history / Sea-service

Vessel name	Rank/Rating	Type	Capacity	Flag	Owner	On	Off	Comments

Kalliroi	Master	Ro-pax/Ferry				2003	2006	Ferry and tramp boat
Sondos	Master	Ro-Ro				2003	2003	UN cargos trading
	Master	Heavy lift				2002	2002	High & Heavy cargo carriages
	Chief Officer	Container						Germany owned
	Chief Officer	Bulk & Multipurpose						Greek, UK, and Norway owners

PROFESSIONAL SUMMARY

Experienced cargo and ferry boat Captain with 22+ years of experience. I am skilled in navigation, vessel maintenance, cargo handling, and providing exceptional customer service.

For many years, I have successfully navigated the vessel through various ocean and coastal waters in the Atlantic and Pacific Oceans, the Caribbean, the Mexican Gulf, the Mediterranean, and deep-sea waters of other trading areas. I am skilled in safely operating PO-PO, Vehicle carriers, PCTC, Ferry, Container, Heavy lift, Bulk, and Multi-purpose boats.

I led a team of crewmembers to ensure the vessels were operating safely and efficiently.

I always encourage crew members to perform their best and exceed safety standards.

I aim to establish and maintain positive relationships with customers, crew members, and other stakeholders.

I can solve the issues with dependable critical thinking skills.

Core Competencies

Management:

- Carry out internal audits and ensure implementation of ISM code onboard ships
- ISPS training, implementation & record keeping supervising.
- Prepare and operate boats for inspection by PSC & FS authorities.
- Ensure readiness of the ship's pollution-fighting equipment.
- Preparation and involvement in surveys to ensure the vessel's statutory certificates are valid
- Communicate and coordinate vessel operations between charters/owners/port agents and terminals authorities to ensure smooth operations and quick turnaround.
- Prepare a dry dock job list when a vessel is due for DD.
- Ensure duly maintenance is carried out properly per PMS and manufacturer manuals.
- Ensure compliance with international regulations (IMO, SOLAS, MARPOL, ISM, ISPS & MLC).
- Investigate and prepare reports on personnel injury, noncompliance with ISM/SMS, etc.
- Knowledge & implementation of various shipping rules, regulations, companies QHSE, D&A policy, etc.
- To understand, interact with, and address various operational requirements, including Contingency planning and Risk assessment for all tasks carried out, with safety at work as a prime motive.

Shipboard Financial Matters:

- Manage and maintain a record of the vessel's finances.
- Prepare and disburse the crew's wages.
- Order stores and provisions within the vessel's budget and effect payments.
- Optimize stores, spares, provisions, repairs, services, and riding gangs within the vessel's yearly budget limit.

Crew Related Matters:

- Administration, supervision, implementation, and maintenance of computer-based training programs and other software.
- Conduct regular drills and training by the Company Drill plan and recommendations.
- Ensure the vessel's crew safety and health with strict compliance to minimum rest periods.

- To maintain crew motivation and ensure health and safety by providing healthy food.
- Delegating tasks to junior officers for their continuous improvement.

Navigation:

- Pilotless and tugboat-free passage in narrow and channel waters.
- Pilotless and tugboats free maneuvering at a port for mooring and unmooring.
- Check, verify, and approve passage plans.
- Conduct and ensure safe navigation in coastal, restricted waters and ocean passages.
- Check and ensure the weather en route is safe for navigation.
- Ensure and randomly check that chart and publication corrections are carried out, documentation and records of the same are maintained, and ECDIS is updated
- Ensure all applicable checklists are duly completed and complied with.
- Controlling the regular testing and maintenance of navigational equipment.

Communications:

- Efficient communication regarding the vessel's daily position, expected arrival & departure to charters/owners/port agents. Emailing and phone calls.
- Prepare and send port documentation formalities to agents/port authorities
- Ensure the vessel's GMDSS system is operational at all times. Tests carried out as per schedule
- GMDSS listening and watching as required

Cargo and other operations:

- Ship loading and unloading operations ensuring safe practices/procedures during port / STS operations and safe cargo carriage
- Ro-Ro, Hight & Heavy, dry & bulk cargo quantity and stability calculations
- Regular testing and maintenance of cargo handling equipment
- Bunker fuel transfer procedures and oil spill response
- Good understanding of charter parties, ship construction, structural integrity, operation, and limitations of cargo handling gear, including inspection & safe maintenance.
