PERSONAL PROFILE

I am a goal-oriented, well-organised, and responsible individual with experience in marine engineering, management, and team coordination. I possess office work skills and database management abilities. I am proficient in computer use and knowledgeable about its components and software. I have experience working with various mechanisms and electronic systems. I am quick-witted, tactful, and responsible. I pay close attention to small details and strive to perform my work to a high standard. I enjoy working with people and providing assistance when necessary. Additionally, I have volunteer humanitarian experience in helping others. I am empathetic, compassionate, and possess a strong sense of humanity. I have a passion for learning new and unknown things, and I quickly adapt and enjoy the learning process.

SKILLS
