Good day! I worked as a Master of general cargo vessels and bulk carriers for the last 17 years. Also I have a considerable bulk cargo experience. But I consider that due to my very long sea experience I could successfully work on coasters, and other ships that required certificates according to STCW convention only. Additionally, I would prefer to work at the same company for the long term. As a side note, at my age I don't have any health issues. Best regards
