About Me

I am able and take an order for creating applications for stability calculations of the vessel in Excel with applying Visual Basic for Applications. I have already created programs for a dozen of vessels: feeder container carriers, timber carriers, coaster, general cargo vessels. For this I need scanned Stability Booklet. email: captain@uviscompany.com mobile: +380689693645 (Viber, WhatsApp), +380735239245 <https://www.youtube.com/@SergeyIvanovichSurovtsev/featured> Выполняю заказы на создание программ по расчёту остойчивости, посадки и прочности судов в Excel с применением Visual Basic for Applications. Уже сделал программы на пару десятков судов: фидерных контейнеровозов, лесовозов, коустера для перевозки зерна, сухогрузов, балкера. Для создания программы необходима отсканированная информация об остойчивости (Stability Booklet) и прочности, либо их электронные копии. Обращайтесь. email: captain@uviscompany.com mobile: +380689693645 (Viber, WhatsApp), +380735239245.
