### ----- PROFESSIONAL SUMMARY -----

A qualified and highly adaptable master mariner (Unlimited 11/2) with a full dynamic operator certificate. Reliable, trustworthy, and possessing sufficient skills, quality, and experience to undertake my role.

With over 20 years of experience in the maritime industry, I appreciate responsibilities / organized and efficient under pressure.

Lots of experienced on PSV, ROV, AHTS and SOV type vessels, committed to my career at sea, I like to consider myself a high achiever and will definitely add value and focus on achieving team's objective.

Recently graduated with a Bachelor of Science degree in Sustainable Marine Operations, as part of my commitment to the maritime industry, and in hopes of taking new challenges, including maritime role ashore, I believe I can provide much technical assistance, advice, and reviews relevant to marine operations.
