ABOUT ME:

I am a student of the Maritime University of Technology in Szczecin, majoring in navigation. For half a year, the university has been introducing me to my specialty, which is off-shore. I am looking for opportunities to practice and gain experience at sea. I do my work very conscientiously and I do not underestimate the tasks entrusted to me. I can work in a group and find the best solution to a problem. I strive for self-development and I always achieve the goals I set for myself.

SKILLS:

GPS operations; RADAR knowledge; radio communication; COLREG, MARPOL, SOLAS knowledge; keeping watch on bridge, gangway; anchoring and berthing maneuvering; category B driving license; basic knowledge about sonar survey and offshore ship's construction; Maritime English communication on advanced level containing SMCP; scrupulousness; teamwork; communication skills; time management; responsibility; prioritizing tasks; working under pressure; adaptability; problem-solving skills; strong work ethic; computer skills; strategic planning skills
