

Tonči Mijić, ETO

I am ETO (electro-technical officer) with 18 years of dredging and offshore experience as well as 10 years of experience on merchant and off/shore vessels. Throughout my career, I have contributed to positive business results through effective organization, prioritization and follow-through of key organizational projects. My strengths and qualifications are an ideal match for requirements and will bring immediate value to the team on board. Experienced in supervising new buildings and modifications.
