CIBT Health Safety and Environment Certified Operative

I've completed 2 years of a total of 4 years as part of a professional diploma course in general mechanics at the Instituto medio industrial de Luanda back in 1998.

I can speak, read and write fluent Portuguese and English and possess general basic knowledge of French and Afrikaans.

EMPLOYMENT HISTORY

I have performed several jobs to date throughout my career as a professional worker, to name a few: laboring at the 2012 London Olympic games facilities construction project for UK based Warmafloor GB Ltd, tele marketing and selling products and services for London based company RSM, promoting and

selling newspaper and magazines for the Network, tending to the front desk and assisting customers with their queries for London based casino the Palace, laboring in Luanda for Edvigés Construções, teaching english for a local training center as well as tour guiding and providing translation services to foreign prospective investors in Luanda, etc etc. I consider myself to be a fast learner, very hardworking and versatile worker capable of adjusting to new environments and performing any associated tasks with high levels of competence.
