Protection contre le paludisme

Le paludisme, est une maladie grave, parfois mortelle, qui sevit encore à l'état endémique dans un très grand nombre des pays tropicaux et subtropicaux. Vous devez vous protéger contre les piqûres des moustiques (usage de moustiquaires imprégnées, répulsifs). En outre, les médicaments antipaludiques peuvent être utiles, soient pris régulièrement à titre préventif, soient tenus en réserve. Pour le traitement d'urgence d'une fièvre causée par les parasites, les médicaments sont variables et changeants, veuillez consulter votre médecin ou l'institution spécialisée la plus proche, ou encore la dernière édition de la brochure de l'OMS ainsi qu'avoir les certificats de vaccination exigés et conseils d'hygiène pour les voyages internationaux.

Si vous prenez de médicaments antipaludiques à titre préventif, il est nécessaire de les prendre de façon absolument régulière, de préférence pendant ou immédiatement après un repas plutôt par intermission, et de continuer pendant les six semaines suivantes.

Aucune méthode ne peut garantir une protection complète. Si une fièvre se déclare entre une semaine après la première exposition et jusqu'à deux ans après votre guérison, ne manquez pas de consulter votre médecin et de l'informer de votre séjour dans une région malarieuse.

Personal hygiene and clothing suitable to wear in Galley				
Maintenance of Galley, fridges, freezers, Galley hood, storerooms to a clean & hygienic condition.				
Practises Safe and hygienic preparation of food				

SEAFARER'S PERFORMANCE APPRAISAL REPORT

Vessel : OSHE HONMI	Full name of Seafarer: ATING JOSEPH
Port /Location: OML 100/ODUDU FIELD	Rank/Department: O.S/DECK
Period on board: 19-12-2022 TO 23-01-2023	Date of appraisal: 23-01-2023

This performance appraisal form is a guide to evaluate Seafarer's work performance for the period on board. It serves to highlight the area that they have performed well and also identify those areas that are in need for improvement in order to help them enhance their performance in these areas.

Section 1 -Performance Ratings – Measurement Guide

Excellent – Fully meets and frequently exceeds job requirements.

To be rated " Excellent " an employee must fully meet the job requirements of his/her current role and has **frequently exceeded the job requirements in an exceptional manner**. Any weaknesses are usually minor or in areas having little bearing on performance. Usually, such a rating is reserved for the outstanding performers who are ready to take on a new and expanded role; they are usually a minority in the organisation.

Good – Fully meets the job requirements.

This rating means that the employee's performance has satisfied all the responsibilities and performance standards in his /her current role. Any weaknesses are usually minor.

Satisfactory – Meet the job requirements most of the time but not all the time.

This rating means that the employee has by and large satisfied the key and significant job requirements. He/She however has at times under-performed in some minor areas. There is good probability that such under-performance can be corrected without the need to be placed on formal performance improvement plan (PIP)

Poor – Does not meet job requirements.

To be given a : "Poor " rating, an employee has consistently demonstrated poor performance in key and significant job requirements. **Overall he/she has failed to meet the his/her job requirements**. The poor performance in key and significant areas of his/her job role warrants the need to be placed on a formal performance improvement plan (PIP) in consultation with the head office. Should there be no significant improvement after the PIP, he/she faces further disciplinary actions including cessation of employment with the company.

Section 2- Performance standards (To be completed by the Supervisor / HOD)

Rating	Definitions of Performance Description
Excellent (10)	Fully meets and frequently exceeds job requirements
Good (7-9)	Fully meets job requirements
Satisfactory (4-6)	Meets the job requirements most of the time but not all the time
Poor (1-3)	Does not meet job requirements

Score your team members capability or knowledge in the following areas in terms of their current role requirements. If appropriate provide evidence to support your assessment.
