

JEONGHYEON, KIM

PROFILE

A dedicated and highly skilled maritime officer with over two years of specialized experience in managing and operating various vessel types, including Ro-Ro, Oil & Chemical, and VLCC ships. Recognized for academic excellence, I graduated at the top of my class from the National Busan Maritime High School and further developed my expertise at Aboa Mare in Finland, a leading maritime education institution.

My career is marked by a proven ability to lead and collaborate effectively in high-pressure environments, demonstrated through mentoring roles and team leadership on board vessels. I possess a comprehensive understanding of advanced navigational and operational systems, such as RADAR and ECDIS, ensuring the safe and efficient management of maritime operations.

Adaptable and resilient, I have successfully navigated operational challenges, including those posed by the COVID-19 pandemic, maintaining high standards of safety and efficiency. My global outlook and cultural competence, enriched through international training, enable me to work seamlessly in diverse and multicultural settings.

Committed to continuous professional development, I have pursued various advanced training programs, aiming to contribute my skills and knowledge to the growth and success of organizations like BSM. My goal is to enhance operational efficiency, uphold safety and compliance, and foster a collaborative work environment.
