

APPLICATION FORM

Date of Availability: October 2024

English level: **Fluent**

Total sea experience: **20+ years**

49 years-old Chief Engineer III/2 with

Engineer Master's Degree

Oil Tankers, Container Ship, and Bulk Carrier Vessels

Experience with, Wartsila-Sulzer, MAN B&W

MAN B&W Main Engines up to 68500kW

Main information

Position:	Chief Engineer Technical Superintendent	Desired types of ships:	OIL&GAS, YATCH ANY TYPE OF OFFSHORE FLEET ONSHORE POSITIONS
Full name:	Oleksiy Tyeplov	Date of birth:	21.12.1975
Citizenship:	Ukraine	Place of birth:	Odessa, Ukraine
Phone:	+380 (96) 332 44 81	Country of residence:	Ukraine
E-mail address:	alextep75@gmail.com	Nearest airports:	Barcelona-EL Prat (BCN)
		Marital status:	Married
Additional cont.:		Full address:	On request
English level:	Upper Intermediate B2	Schengen Visa valid up to:	BIO passport
Marlins:	91%	USA C1/D Visa valid up to:	Expired 2027

COVER LETTER

Seasoned Chief Engineer with over twenty years of experience in Marine Engineering, specializing in Engine room operations, including Oil/Product Tankers, Container, Bulk, Tug, and Vessel Safety management. Expert in a broad range of mechanical skills, encompassing major engine and deck equipment repairs, modern control and automation systems, and a commitment to operation excellence and international marine standards.

Career highlights include leading complex overhauls of MAN, Wartsila, Caterpillar, Yanmar and Himsen Engines managing environmental initiatives on clean design vessels, and steering diverse multinational teams in high-pressure environments. Known for effective communication and the ability to find common ground in mixed crew settings, ensuring successful vessel operations.

Safety Management and Regulatory Compliance: Committed to safety and environmental stewardship, excelling in implementing safety protocols and emergency response strategies. Conduct rigorous inspections and audits to ensure all operations meet the highest standards of safety and efficiency.

Leadership in Multicultural Environments: Leads and inspires diverse teams, promoting collaboration and continuous improvement. Effective in communication, conflict resolution, and personalized team management, ensuring high morale and operational excellence.

Technical Proficiency in Marine Systems: Hands-on experience with modern maritime systems, including control and automation systems, high voltage systems, and refrigeration units. Adapts quickly to new technologies and complex challenges for smooth vessel operations.

Mechanical Maintenance: Adept in leading mechanical operations in offshore environments, skilled in propulsion systems overhauls, ensuring peak performance and reliability of all machinery.

Adaptive Expertise in Global Offshore Operations: Extensive experience in various offshore projects, adapting to different operational demands and environments. Committed to learning and professional growth, ready to tackle the challenges of modern maritime projects.

Environmental Systems Management: Managed vessel's environmental systems, including Oil Water Separator (OWS) with a 5ppm alarm setting. Regular maintenance and repair of OWS and Incinerator systems, ensuring optimal performance and reliability. Operated and maintained onboard sludge and bilge water recycling systems, including sludge burning using an incinerator.

Leadership in Maintenance: Spearheaded the Maintenance Department, overseeing a multi-disciplinary team of over 10 crew personnel and contractors. Managed Engine Room, Electrical and Instrumentation, Electrical Technical Officers, Engineers, Oilers and Welders departments. Oversaw people management, controlled man-hours, and monitored KPIs for optimal department performance.

I am writing to express my sincere interest in joining the onshore industry. This sector, renowned for its pioneering spirit and commitment to excellence, aligns seamlessly with my own professional trajectory and personal ethos.

Over two decades, I have honed my skills aboard a diverse fleet of Tankers, Container, Bulk Carriers each role more than just a job, but a chapter in a lifelong voyage of maritime engineering. In these roles, I have steadfastly upheld the principles of safety and teamwork, values instilled in me from an early age. Today, as a family man, these principles hold even greater significance, guiding me both at sea and ashore.

I am enthusiastic about the prospect of integrating into the vibrant onshore community, bringing not just my technical expertise but also a rich family legacy in the maritime world. It would be a privilege to further discuss how my background and aspirations align with the vision of your organization.

Thank you for considering my application.

Yours faithfully,
Chief Engineer
