### About Me:

I successfully completed my Bachelor's degree in Maritime Business and Management at Piri Reis University, where the medium of instruction was 100% in English, in June 2024. During my final year, I balanced my studies while working part-time as an Operations Assistant at Erol Ship Management for one year. After graduation, I worked for one month as a Personnel Manager before leaving the company.

I am eager to develop my skills in yacht/ship brokering and port management, as well as to gain experience in the maritime sector to further my career. Additionally, I am currently taking courses to enhance my English proficiency and will soon begin learning Russian as a second language. Understanding the importance of foreign languages in this industry, I am focusing my learning efforts in this area. I value disciplined and organized work habits, and I have a passion for research and learning.
