Proficiency in Fast Rescue Boats	C2234CSR22			
Seafarers With Designated Security Duties	C2229TSS22			
Crew Training Passenger Ships	C2232NAP22			

### Professional Summary:

Experienced Marine Engineer, highly motivated and enthusiastic individual with strong problem-solving skills. With almost two years of experience working on commercial passenger ships, primarily focused on shipyard work and operational matters. Proven experience in engineering, maintenance and operations on various vessel types, including Ro-Pax and Tugs. Holder of EOOW license and full package of STCW certifications. Seeking opportunities to leverage my technical skills and hands-on experience in a challenging maritime environment.

### Technical Skills:

- **Excellent mechanical knowledge of main engines, auxiliary systems**
- **Good electrical knowledge:** Proficiency in the operation of shipboard electrical systems, including generators, switchboards, and distribution systems.
- **Instrumentation and Monitoring:** Knowledge of various sensors and instruments used for monitoring engine and machinery performance.
- **Data Analysis:** Ability to analyze data from monitoring systems to detect trends, anomalies, and potential issues.
- **Maintenance and Repair:** Proficiency in diagnosing and repairing mechanical and electrical faults
- **Marine Management Software:** Familiarity with software used for maintenance management, inventory control, and compliance tracking.
- **Technical Documentation:** Ability to read and interpret technical manuals, blueprints, and schematics.

### Soft Skills:

- **Communication:** Good verbal and written communication skills.
- **Team Collaboration:** Strong team player with experience working in diverse teams.
- **Problem-Solving:** Proficient in identifying issues and implementing effective solutions.
- **Time Management:** Efficiently managing time to balance routine maintenance, unexpected repairs, and administrative duties ensures all tasks are completed effectively without compromising safety or performance.
- **Interpersonal Skills:** Building good relationships with colleagues and crew members fosters a positive working environment and facilitates cooperation and support.
- **Attention to Detail**
- **Cultural Awareness and Sensitivity:** interactions with a diverse crew from various cultural backgrounds.

### Sea-going experience (last 3 contracts):
