### Notes

Relationship Management: ===== You seem happy to work independently and may avoid oversharing information about personality and formal work.Chances are you have a small circle of contacts rather than a large network.You are likely to be more comfortable following instructions than giving them, and are likely to take a relativelygentle approach to negotiations.You may seem somewhat shy when meeting new people, and you may take longer than others to warm up to asocial environment. You can be as helpful, supportive, and cruel in your relationships with others as most other people. You are more likely to help others when asked for your support.You listen to them and you will probably be interested in understanding their motives and behavior. You tend tobe an empathetic and tolerant person. Task Management: ===== You seem to enjoy solving analytical problems and working with digital data as much as most other people. You probably enjoy working with complex, strategic, or abstract concepts as much as most people. You probably don't consider yourself an overly creative person. You may want to take a cautious approach and a more traditional way of thinking.Your answers indicate that you are not too methodical in your actions and can handle situations as they arise rather than planning your work in advance.Your answers suggest that you are as conscientious and reliable as most people, but you are unlikely to followrules and guidelines too rigidly. Self-management: ===== You tend to be calm and collected like most, but can express confidence or emotion when appropriate or under pressure. You appear to be as optimistic and resilient as most other people. You seem to cope with minor disappointments, but it may take you longer to overcome major setbacks. Your responses indicate a strong preference for a consistent and predictable lifestyle. You may take your time adapting to new circumstances, and times may seem slow flexible. You tend to think carefully before making important decisions and probably generally dislike situations that involve significant risk. Your career is probably just one of your life's goals; you'll probably be as career-oriented as most.
