### About Me

Good afternoon, I would be very grateful if you would consider me for the position of electrical engineer in your company. About me: Communicative, goal-oriented, hardworking, responsible, capable of independent and quick learning. Ready to work with new people and master new projects. Easily find common ground with all crew members. I have always worked in mixed crews with Romanians, Croats, Bulgarians, Georgians, and Filipinos. I am respectful to all crewmembers of any nationality or creed. I have no bad habits, do not smoke, drink or take drugs. I exercise in the gym. In my free time I prefer reading books, instructions for the operation of various electrical equipment on the ship, as well as watching movies. Work experience: More than 10 years of work experience in international merchant fleet. Worked on bunkers vessels, product tankers, chemical tankers, gas tanker of various foreign companies. Wide experience in exploitation of different ship automation systems and their adjustment. - Troubleshooting of automatics of electric stern winch - Automatics tuning and troubleshooting of the Kangrim boiler (did not ignite, did not refill with water in automatic mode, poor combustion, etc.) - Troubleshooting of ship air conditioning automatics (compressor would not start in automatic mode) - Automatics repair of electric provisional crane - Adjustment of automatics of auxiliary boilers Aalborg (did not start, problems with automatics of ignition nozzle on boiler, automatic boiler water supply system) - Troubleshooting of cargo control system Rosemount Tank Radar - Troubleshooting and debugging of LAN network - Repaired deck, engine and cabin lighting of various types - Steering gear troubleshooting - Repair of electric motors of various capacities, with bearing replacement, winding insulation checks, phases, etc., startup - Insulation resistance 220 and 440 V troubleshooting - Deck lighting repair (500W - 1000W floodlights) - Changing parameters and setting automatics of Alfa Laval separators - Maintenance of electrical equipment of ME (B&W MAN, WARTSILA, MITSUBISHI) - Correction of various malfunctions of the incinerator automatics (replacement of the digital thermostat, followed by adjustment of its parameters) - Troubleshooting in the ODME system. - Helping a specialist in replacing the VDR unit on the bridge. - Emergency alarm system troubleshooting (Kongsberg, Lingso Marine). - Successful presentation of ship's electrical equipment for inspections by Maritime Register, Port State Control, ABS, US Coast Guard, Vetting. - Also have experience with various PMS's with subsequent execution of all regulated works.
