

Konan Ulrich KOUASSI

ETO Electro Technical Officer

ABOUT ME

Graduated as an electromechanical officer and a full-power machine watch officer certificate, both with a boat driving license and platform lifeboat, experienced technician, passionate about **Engineering Technologie and Maritime Navigation** a set of specialized activities in various fields of activity also lagoons, the Sea, hydrocarbons, oil, gas and energy and maritime navigation its growing developments, I aim to put my skills at the service of a company with an innovative, enthusiastic and daring culture.

I have poly-technological skills, that is to say I have knowledge of the technologies of materials and equipment to be maintained in good condition which, depending on the case, concern electronics, electricity, mechanics, automation, pneumatics, hydraulics, computing, and instrumentation. Methods and techniques of preventive and predictive maintenance and maintenance. Indeed, I have extra-technical skills: the ability to work in ATEX zones and to pilot boats and platform lifeboats, to theorize, to train people, to work on documents, to establish reports, to provide figures, to direct operations, to work in collaboration with third parties. Thanks to an in-depth training course and 16 years of professional experience, I have become an expert and specialist.

EXPERIENCE

Dec 13, 2018 -
Present

TRAINING

2024

Professionalization to the position of
Production Operator and
for the position of Mechanical Maintenance Technician

**CFC CaEngi Institute
Knowledge Matchmaker**

2012 - 2016

Officer's Diploma in Electromechanical

ARSTM

Professional license promoting practical learning anchored in business. Training focused on technical subjects and maritime navigation

B license for boat under 500 Tx

IVORY SCHOOL BOAT / ARSTM

2009 - 2012

Technician Certificate in Vehicle and Machinery Maintenance

Jacquerville Professional High School

2005 - 2006

Intern

SOTRA – Abidjan Transport Company

Practical internship and acquisition and mastery of technical skills in bus and waterbus electricity. THEME: Improving the electrical circuits and emergency stop systems of bus and water bus engines

Patent & Certificates in possession

- ✓ Captain's Certificate / Certificate of Master
- ✓ Certificate of Officer in charge of Watching the Machine of all power
- ✓ Damen Ferry DFE Technical Training Diploma
- ✓ STCW certificate of abandonment and survival at sea
- ✓ HUET STCW certificate
- ✓ STCW firefighting certificate
- ✓ STCW First Aid Certificate
- ✓ Offshore Medical Examination Certificate
