**Subject: Cover Letter for Internship Opportunity**

Respected Sir/Ma'am,

I am writing to express my interest in the deck cadet internship position at your esteemed company. My name is Rosh Roy Mathews, a 23-year-old Indian national currently pursuing a bachelor degree in Sea and Inland Water Transport (Navigation) Course at Odessa National Maritime University in Ukraine.

Since joining the university in 2021, I have persevered through challenges, particularly navigating the difficulties posed by the ongoing conflict in Ukraine. Despite being forced to return to India during my first year due to the war, I remained committed to my studies, completing two years online while overcoming visa obstacles to return to Ukraine for my fourth year. This perseverance has instilled in me a strong work ethic and determination to succeed.

I am proud to report that I have excelled academically, with grades consistently above 90%. As a foreign student in Ukraine, I am fluent in English and have actively participated in conferences and authored articles as a representative of the foreign department at my university. While my practical skills may have been impacted by remote learning, I am eager to apply the knowledge I have gained in a professional setting.

I am particularly drawn to your company based on recommendations from my professors and my own research, which highlights your reputation as one of the premier crewing companies in Ukraine and globally. I am confident that an internship at your company would provide me with invaluable hands-on experience and a platform to further develop my skills and knowledge in the maritime industry.

I am enthusiastic about the opportunity to contribute to your team and learn from experienced professionals in the field. Thank you for considering my application. I look forward to the possibility of discussing how my background, skills, and enthusiasm align with the objectives of your company.

Respectfully,

*Rosh*

Rosh Roy Mathews
