ON SHORE EXPERIENCE

Mechanical Engineer

ATEF Group of Companies LLC

(Jan 2020 - May 2022)

Baku, Azerbaijan

- Development and implementation of scheduled warning repair schedules of equipment.
- Preparation of annual demand for goods, materials, and equipment.
- Repair and operation of hydraulic devices.
- Development of fuel and lubricant consumption norms.
- Operating mechanical equipment.
- Maintenance and safe operation of cranes.
- Operation and repair of pump compressor equipment.
- Operation, installation, and repair of pumps.
- Installation and safe operation of air compressors.
- Rules for proper use of firefighting tools and means.
- Occupational safety and health regulations.
- Ensures uninterrupted, technically correct operation and reliable operation of equipment, keeping them in good condition, at the required level.

Manager of Mechanical Energy Department

ATEF Group of Companies LLC

(May 2022 – Oct 2022)

Baku, Azerbaijan

- Carrying out repair works according to the planned maintenance schedules.
- Ensures uninterrupted, technically correct, and reliable operation of equipment, keeping them in good condition, at the required level.
- Development and implementation of scheduled warning repair schedules of equipment.
- Ensure uninterrupted operation of equipment in accordance with HSE and Technical Safety regulations.
- Use of firefighting equipment in compliance with safety regulations.
- Scheduled maintenance and initial repair of CNC lathes, milling, polishing, cutting, and drilling equipment.
- Repair and safe operation of bridge cranes
- Repair and uninterrupted operation of aluminum and copper cable production lines
- Repair of copper and aluminum smelting furnaces, and preparation of a list of spare parts.
- Repair and maintenance of hydraulic, mechanical, and pneumatic presses.
- Repair and safe operation of aluminum pipe production lines.
- Repair of rotating equipment, water pumps, air compressors, and hydraulic pumps.
- Repair and maintenance of heating and cooling systems.
- Reviewing technical documentation to complete equipment maintenance and repair.
- Completing repairs, performing preventative maintenance, and keeping records.
- Working as a team member to ensure jobs and builds were done correctly and on time.
- Reading blueprints, schematics, diagrams, and technical orders to determine the method and sequence of assembly before tasks

- Design, installation and servicing of all types of irrigation systems.
- Design of pipelines and preparation of hydraulic report for irrigation systems.
- Testing of finished pipelines and delivery to the customer.
- Carrying out repair works according to the planned maintenance schedules.
- Ensures uninterrupted, technically correct and reliable operation of the equipment, and maintenance in good condition, maintains the required level.
- Development and implementation of scheduled warning repair schedules of equipment.
- Ensure uninterrupted operation of equipment in accordance with HSE and Technical Safety regulations.
- Repair of rotating equipment, water pumps, air compressors, hydraulic pumps. .
