Notes			
<p>I'm seasoned Marine Chief Engineer skilled in overseeing the operation and technical management of diverse Tanker fleets. My career is characterized by hands-on experience with a range of Main and Auxiliary Engines, complemented by a profound grasp of complex marine equipment – skills that have proven essential in navigating the multifaced challenges of marine engineering. My signification contributions to the commissioning of new vessels are marked by adeptness in metalworking and a commitment to integrating the latest maritime technologies during dry dock assignments internationally. Leadership for me goes beyond technical duties, encompassing the development and enforcement of safety protocols, team cohesion, and adherence to regulatory standards. I'm excited about the possibility of bringing my technical prowess, and passion for the maritime industry to new challenges in the offshore sector. Feel free to connect or reach out to me.</p>
