Weld metal

Weld metal

Backing (metal, weld metal, welded from both sides, flux, etc.)

Guided bend test results

Guided bend tests type: N/A

Visual Examination Result: accepted

Radiographic test results: accepted - report no WR 11
 (for alternative qualification of groove welds by radiography)

Fillet weld - Fracture test: N/A Length and percent of defects

Macro test fusion: N/A Fillet leg size in X In concavity / convexity in

Welding test conducted by: HAC Laboratory test no: N/A

Mechanical tests conducted by: N/A

We certify that the statements in this record are complete correct and that test coupon was prepared.

Welded and tested in accordance with the requirements of AWS D.1.1 code.

This record is valid for six months and could be extended for another six months by HSC engineer in case of the provided

welder has been engaged in type of welding covered by this record.
