Notes

Dear Hiring Manager, My name is Yahor Perasialiak, I am from Belarus. I would like to apply for the position of 4th Engineer. My qualification is "Officer in charge of an engineering watch in a manned engine-room or designated duty engineer officer in a periodically unmanned engine-room on a seagoing ship powered by main propulsion machinery of

750kW or more (Regulation III/1, para. 1)".. My seven-year sea service experience, as well as extensive repair work practice, make me an excellent candidate for this position. I was recommended for promotion to position 4th Engineer by all the Chief Engineers I had worked with. After I had been working under the previous contract as 4th Engineer for 6 months, I got a promotion to position 3th Engineer. I have broad practice in repairing of almost all ship systems and equipment, automation and electrical systems. I am a quick study and I always do my job to achieve the best result. I have excellent communication skills. I am an efficient and diligent, dedicated, driven and stress-resilient person. I have all the necessary documents. If you do not have an open position for me at present, please add my resume to your candidate database for future consideration. Thank you for your time. I look forward to an interview. Mob: +375296684894 WhatsApp:+79500323037 Email: Pereselyak23gmail.com Sincerely yours, Yahor Perasialiak
