### **PERSONAL SUMMARY**

I started my maritime career on commercial ships in 1994. I worked for nearly 10 years on various type of ships, progressing from 2nd officer to . In 2003, I joined the Coastal Safety General Directorate as captain. I have served on high-speed S.A.R.boats, tugboats with Voith and Schottel propellers. I was involved in protocol duties. During my service, I had the privilege of serving high-ranking state officials and foreign state officials visiting our country. In recent years, I have been assigned as an Operations Superintendent. I have been involved in the project control and acceptance processes of newly constructed ships at the shipyards. I was retired in june 2024. After my retirement, I started commercial maritime sector at Oil Chemical Tanker as Master.
