Notes

I'm Karnachov Oleksandr experienced 3-rd engineer with a license of the 2/E+advanced gas diploma.I have many references for promotion to 2/E rank from previous employers.I have an experience of taking over the new-build vessel, most of my carrier as engineer was spend on the MAN B&W ME engine's 6G60ME(M/V "X-PRESS Kabru"), 6S70ME(M/V "Al Khuwair") and 6S60ME(M/V "Talimen", M/V "Viking Conquest")series and was continuously included in the maintenance of it. I don't like to stay ashore for a long time because of my lifestyle to master my professional skills and not to be affraid of new experience and chalanges. At the present moment I'm looking for a serious company with a LNG fleet to settle down and grow in the rank.
