<b>Kin name, Surname:</b>	Katerina Cherniavska	<b>Kin address:</b>	Odessa,Zabolotnogo st. 60

### Notes

I have over 14 years of experience in the field of marine engineering on merchant vessels, exclusively within the

shipping/marine industry. I have successfully undergone multiple inspections of vessels (flag state, port state) without receiving any serious remarks. My expertise includes the maintenance, repair, and installation of various equipment, such as auxiliary engines, cargo cranes, purifiers, air compressors, fuel, hydraulic, and steam systems. I possess the ability to work with engineering drawings, schematics, circuit or system diagrams, equipment specifications, technical information, manufacturing records, and other written or verbal information with a limited amount of supervision. In terms of my personality, I value qualities such as punctuality, consistency of aim, conscientiousness, diligence, and strong social skills. I am continuously learning and do not like leaving tasks unfinished. I demonstrate my actions through results. Throughout my career, I have worked in mixed crews comprising individuals from various nationalities. I have always been able to establish effective communication with all crew members and have never encountered conflicts. Additionally, I hold great respect for people of different nationalities and confessions. I consistently receive very positive feedback from employers. Mob. Phone: +380636126799 (Viber, WhatsApp) Thanks and have a nice day. Alex
