PROFESSIONAL SUMMARY

- Experienced and reliable maritime professional who excels at establishing excellent working relationships with clients, employees, vendors, and contractors. Looking to utilize my prior experience working in potentially hazardous conditions and high-stress environments to open new doors and growth potential that will allow me to develop career opportunities.
- Organized and reliable candidate, able to manage multiple priorities with a positive attitude. Willingness to take on additional responsibilities to meet team goals.
- Seeking a full-time position that presents professional challenges and leverages interpersonal skills, effective time management, and problem-solving experience.
- Hardworking and passionate job seeker with strong organizational skills eager to pursue an entry-level Deck Officer position. Ready to assist the team in achieving company goals.
- Thorough team contributor with strong organizational abilities. Experienced in handling numerous projects at once, ensuring accuracy. Effective at prioritizing tasks and meeting deadlines.

SKILLS

- Experience as a manager or supervisor
- Strong leadership qualities
- Dynamic environments
- Clear oral and written communication
- Excellent ability to multi-task
- Demonstrated computer skills
- Inventory control experience
- Logistics and data management
- Organizational skills
- Quick learner who easily adapts to new systems and technologies
- Complex problem-solving skills
- Experience with onboarding training
- Teamwork and collaboration

WORK HISTORY

- Maintain standard navigational watch of 4 hours on and 8 hours off.
- Incharge in the vessel operation with loading and unloading of cargo.
- Responsible for creating a program to inventory, maintain and inspect firefighting and rescue equipment onboard tugs and barges.
- Maintain paper and electronic chart corrections.
- Coordinate pilots and tug as instructed by captains.
- Assist captain with crew training in proper use of firefighting and rescue equipment.
- Assist captain with crew member safety training onboard vessel.
- Optimize communication between deck officers and crew, fostering a cohesive work environment onboard.
- Oversee ballast water management procedures to comply with environmental regulations and minimize the risk of invasive species transmission.
- Coordinate emergency response drills to improve preparedness for real-life situations such as fires, medical emergencies, or abandon ship scenarios.
- Participate in incident investigations, identifying root causes, implementing corrective actions, and preventing future occurrences.
- Navigating Officer, responsible for preparing voyage plans, responsible for correction and maintenance of nautical charts and publications, and maintenance program for navigation and communication equipment.

- Alternate Security Officer (OPB), responsible for assisting the OPB in the implementation and control of the security plan for the vessel,
- Responsible for control of crew documentation (maritime certificates).
- Responsible for preparation of crew and passenger lists for arrivals and departures.
- Responsible for preparation of voyage reports.
- Collected incoming material and delivered it to designated locations.
- Calculated weights, heights, and centers of balance to make accurate placements. Ensured proper loading and stability of vessel.
- Enforced timely shipment of products to create exceptional customer experiences. Communicated all emergencies, delays due to weather, and carrier schedule changes to customers and supervisors.
- Created and scheduled all onboard preventative maintenance and gained working knowledge of mechanical systems on each vessel.
- Oversaw documentation for compliance with local, state, and federal regulations, and coordinated job safety analysis with crew members.
- Responsible for supervision and safety of officers and crew, along with onboard training on fire and emergency equipment.
- Maneuverer and docked/undocked vessel.
- Addressed guest needs, questions, or concerns to create an optimal onboard experience.
- Communicated directly with the client regarding cargo details: cargo type, weights, and estimated delivery time.
- Ensured cargo was delivered on time by working closely with the captain on navigation, scheduling, and logistics issues.
- Served as the vessel and facility safety officer.
- Conducted extensive pre-voyage checks to ensure vessel seaworthiness, resulting in increased confidence in vessel performance.
- Oversaw loading and unloading of the vessel to ensure crew safety and vessel stability.
- Supported vessel maintenance projects by coordinating with contractors, overseeing repairs, and verifying quality of work performed.
- Responsible for setting up and scheduling routine/preventive equipment maintenance and overseeing safety equipment inspections onboard the vessel.
- Monitored changes in weather conditions and communicated concerns to the captain and head office as needed. Tracked and recorded course changes.
- Trained ship crew on board during safety drills, including proper use of fire extinguishers, fire devices, and other lifesaving equipment.
- Set ship courses to avoid reefs, distant sandbars, or other hazards using lighthouses or buoys.
- Navigated ship routes and used navigation equipment to verify accuracy of calculations.
- Assumed responsibility for ship operations in cases of injury or illness.
- Adhered to laws and regulations based on voyage locations.
