NEW BUILD SHIPS COMMISSIONING EXPERIENCE:

One of the most interesting advantages of my career in maritime engineering field is big experience of new build vessels commissioning – I took part in commissioning of 9 vessels on 6 different shipyards:

1. 2001, m/v APL Mexico, shipyard Stocznia Schecinska, Poland
2. 2003, m/v Oeland, Hamburg shipyard Sietas, Germany
3. 2006-2007 – 3 sisterships Samskip Explorer, Eucon Leader and Jork Reliance, shipyard Damen Galatz, Romania
4. 2009, m/v Ravel- reconstruction on shipyard De Hoop Lobith, Netherlands. Additional reconstruction on ship repair base Bautino, Kazakhstan.
5. 2010 m/v Fugro Galaxy, Bremen shipyard Fr.Fassmer, Germany. Work as superintendent assistant.
6. 2010-2011 m/v Polarcus Samur and Polarcus Alima, shipyard Drydock World Dubai, UAE. Work as superintendent assistant.

One more advantage: I also have pre marine education – 2 years in Odessa State Politechnical University - Faculty of Mechanics and Technology, specialty - engineering technology (machine designing).
