GSM: +2349124057530 Email: owighosolnls@gmail.com

Objective

To secure a challenging and rewarding role as a Third Marine Engineer on a reputable vessel, where I can apply my skills and knowledge to contribute to the safe and efficient operation of the ship.

Summary

Dedicated and ambitious Third Marine Engineer with over 8 months of experience working on Self-propelled Jackup Barges.

Proficient in marine engineering principles, safety protocols, and problem-solving. Strong teamwork and communication skills.

Experience

JAD LIFTBOATS

From August 2024 to present.

Warri Delta State, Nigeria.

Second Engineer

Assist the Chief Engineer in the operation and maintenance of all engineering systems.

Ensure machinery operates smoothly and efficiently.

Monitor and log engine performance and maintenance records.

Maintain safety and environmental protection standards.

JAD LIFTBOATS

From January 2022 to July 2024.

Warri Delta State, Nigeria.

Oiler

Responsible for maintaining and checking the auxiliary engines to ensure smooth operation for the engines.

Other responsibilities included sounding tanks, operating and maintaining the auxiliary engines ensuring that all the engines are functioning according to the requirements.

I have also built an entry level experience in welding and fabricating tools and parts and reconditioning spare parts.

I have got experience in working with staff members from diverse cultural backgrounds and building good relations with team members and superiors.

ORION MARINE LIMITED

From January 2019 to October 2021,

Apapa Lagos, Nigeria.

Oiler

Assisting the second and third engineers in their daily maintenance and overhauling tasks.

I was also responsible for managing the ship's spare parts inventory and the engine room, fuel, oil and water systems.

I have also been assigned to monitor the ship's vital meters and take actions or report when the readings require. This experience have sharpened my engineering skills and built my mechanical abilities

A.G. BUTLER

From March 2016 to November 2018

Port Harcourt, Rivers State, Nigeria

Oiler

Oiling and lubricating moving parts of engines and other machineries in the engine room, carrying out engineering watch keeping and also undertaker other tasks as directed by my Chief Engineer.

During this experience I have gained exposure to the engine parts and executed tasks according to the staff hierarchy.

Professional Certificate

❖ Certificate of Competency
OOW Unlimited (Engine).
