Cover Letter

Good day!

I will be very grateful if you would consider my candidacy for 3rd officer position and the future Master in Your Company.

My knowledge and strong wish to work on this position will let you consider my candidacy as one of the best specialists.

Education:

Odessa Professional College of Maritime Transport

Period of study: 30.05.2016-31.10.2016

Specialty: OS Seaman.

During the period of study at Odessa Professional College of Maritime Transport on the specialty "Seaman", I received a valuable baggage of knowledge, which was very useful in Seaman's work.

Also, from 07/29/2016 to 10/29/2016 I completed a sea practice on the fire vessel “Yuzhny”. I actively studied English, both in the training center and individually.

I graduated from Odessa State Environmental University with a degree in computer science (programmer) in 2016 and received a Bachelor degree.

Kherson State Maritime Academy

Period of study: 01.09.2020-01.03.2024

I graduated from Kherson State Maritime Academy with a degree in Navigator and received a Bachelor degree.

Experience:

I have got an excellent maritime practice on passenger vessels.

The most important qualities for a seaman, however, for any seaman, I guess are responsibility, quick reaction and the ability to make the right decisions and actions in case of emergency, and of course complying with safe working practices! There was often a need of various works during my practice. It is in this situation my best traits are shown - I am responsible and perform my duties with maximum efficiency, thoroughly.

During my work in the fleet I have got the professional skills of work with various deck mechanisms.

The scope of my competence:

- Painting and other ship hull maintenance works;
- Underway bridge watches and port watches at the gangway;
- I perform works with anchor, mooring and other deck devices and mechanisms;
- Rust chipping off in the ballast tanks and paint works;
- I carry out all necessary safety measures for the safe working practices and the environment protection; I observe the norms and methods of safe work performance.
- Deck washing with chemical agents;
- Emergency duty: I was assigned to a firefighting team and was a fireman;

I like to receive new skills and knowledge on the specialty, to obtain experience and practice when working with a qualified/mixed crew in order to improve my own qualification and I like to do the self-education not only when I am board, but also when I am on the shore. I am in good physical shape, which allows me to do hard work.

I have only positive characteristics from my previous places of work. My experience helps me to orientate and perform the set tasks quickly. I always try to take a part of the work of sailors in a class above me, for further experience, I always listen and consult with them.

After the working day I regularly visited the bridge and went into the navigational work, as I plan to become and I will become the navigator in the future.

Hobbies:

Active rest, travelling, gym workout;

Knowledge of Russian: excellent;

Knowledge of English: good;

I have good PC skills. The knowledge of work in Word, Excel.
