

APPLIED RANK:	READINESS:
3rd Engineer	15.02.2025

As experienced 3-rd Engineer on DSV DP-2 and Pipe layer vessels I fulfilled my duties at high level. Maintain Engine Room and Deck equipment (ME's, DG's, Purifiers, Air Compressors, HPU's, Cranes and etc) according maintenance manuals and safety regulations.

Follow Senior Engineers orders and participate in ship and project operations.

As person I'm highly motivated, hard worker, perfectionist, I like to achieve goals and enjoy completing tasks and seeing them through to completion.

Always get positive appraisals from Senior Engineers and Chief Engineers.

Currently I'm exploring new opportunities in the offshore sector as a Third Engineer, aiming to contribute my expertise to both the oil and gas industry as well as the renewable energy sector.
