Cover Letter

Good day!

In this letter I would like to present my personality as a sailor with more details. Since I knew my goal and wish from the very beginning, immediately after graduation, I start to think about the career of a sailor. My first step was entering a maritime school.

Education:

Odessa National Maritime College named after Marinenko

The period of study: 01.09.2016 – 11.01.2020

Specialty: Navigation

During the study I received and continue to deepen my knowledge. I also spent a lot of time learning English, and I continue to do this now.

In June 2018 I left for my first three-month practice. At the end of the contract in the same year and, I successfully completed the third year of study and already in February 2019 I went back to my big practice during 9 months.

On board training:

Upon arrival on board, I immediately focused on acquiring knowledge on the bridge, I spent almost all my working and free time on the bridge, staying watch with 3rd and 2nd Officers. I started my training by studying all the ship's documentation, alarm schedules and reading the available manuals, of which most of the time was occupied by: SOLAS, LSA, FFE, Radar, GMDSS, ECDIS, and SMS manuals. I gained more experience passing canals, straits, narrow channels at least twice a month, both day or night, Step by step I started to learn 3rd and 2nd Officers main duties.

At the end of the practice, I confirmed my practical knowledge with theoretical knowledge and successfully completed exams, and in 2020 I got a navigator diploma.

I consider the most important qualities: responsibility, quick response, making right decisions and actions in a case of emergency, at the same time strictly following the safe working practice. But the most important skills that I have acquired the teamwork and understanding of responsibility which Officer taking all the time.

Experience:

After my practice I was promoted in the same company, so in July 2020 I came on board as a Junior Officer. Based on the previously obtained practical and theoretical knowledge, I started my duties performing them with great responsibility. My duties included:

- ✓ Inspection, and maintenance of all safety, life saving and fire fighting equipment on deck, in rescue boat and freefall lifeboat
- ✓ Preparing arrival/departure documents
- ✓ Maintaining emergency muster list, crew list, ship working arrangements, muster standing orders for officers on watch and in port

- ✓ Keeping all posters and safety signs in good condition
- ✓ Maintenance, stowage and labelling of all flags, signaling apparatus and navigational shapes
- ✓ Assisting chief officer in all cargo and ballast operation
- ✓ Keeping a save navigational and port watches
- ✓ Maintain current ship log book, GMDSS log book, Visitor log book, Compressor Record Book
- ✓ Giving a report in traffic separation scheme
- ✓ Calculation a gyro and magnetic compass error
- ✓ Calculation a position of ship using astronomical aids
- ✓ Preparing and testing of bridge equipment prior to departure

2nd Officer duties:

- ✓ Prepare reports: daily, arrival, departure & berthing
- ✓ Keeping GMDSS log book updated
- ✓ Keep up to date ADP, E-Np, Charts & company standard publication list
- ✓ Passage planning
- ✓ Take a part in mooring operations
- ✓ Maintenance of all nav. Equipment
- ✓ Maintenance of the hospital and inventory

I like to receive new skills and knowledge in my specialty, to get the experience and practices when working with a qualified crew in order to improve my own qualifications; and besides I like to self-educate not only when I am onboard but also on shore.

Hobbies:

Playing guitar, swimming, bodybuilding, cycling;

Knowledge of Russian: Excellent;

Knowledge of Ukrainian: Excellent;

Knowledge of English: Fluent;

If you are interested in my candidacy, you can contact me at any time:
