Notes

I am a highly motivated Chief Engineer with a strong commitment to continuous learning and skill development. My expertise includes working with various ship management systems such as AMOS, TM Master, Pre Master, Ocean Management Systems, and PMS "ALSTOM & SEAQ." I have successfully managed dry dock periods, overseeing major

equipment overhauls, coordinating engine teams, and ensuring all maintenance and operational procedures are executed safely and efficiently. Additionally, I have extensive experience in passing inspections such as OVID, P&I, BV and FMEA trials, with minimal deficiencies. Technical Expertise & DP Vessel Experience As an Engineer, I have hands-on experience with DP vessels and advanced systems such as Kongsberg, Converteam, Rolls-Royce, and MT Bridgemate. I excel in maintaining operational control and making critical decisions in non-standard situations, particularly during DP operations.

Certifications & Qualifications ✓ Chief Engineer's STCW III/2 Certificate of Competency Unlimited (with UK FSE) ✓ DP Maintenance Certificate ✓ High Voltage Management Level STCW 2010 Certificate ✓ OPITO FOET with CA-EBS & EBS ✓ OPITO H2S Basic Offshore & Marine Experience I have diverse experience working across offshore vessels, including: AHTS , OSV, PSV vessels. Supply , anchor handling ,towing non-self-propelled barges Construction vessels . Saturation diving & air diving operations, ROV pipeline inspections and repairs, Subsea pipeline stabilization (grout bags and mattresses), flexible cable lay installations With my strong expertise in both Marine and Electrical Engineering, as well as a deep understanding of the challenges involved in operating DP offshore vessels, I am confident that I can contribute valuable experience and leadership to your team. I look forward to the opportunity to discuss my qualifications further.
