Notes	
<p>As an experienced Chief Officer, I am having more than 3 years of sea service in rank, and know all the duties and responsibilities involved in the position on Very Large Gas Carriers. I have valuable experience in cargo operations related to: Gassing Up, Gas Freeing, Mixing of LPG, Cargo Grade Change Over, Ship to Ship Operations Please note that my entire tenure was in the absence of a Gas Engineer on board which in turn confirms my deep understanding of all the processes occurring on a Gas Carrier Vessel Type. I am a very dynamic person who can adjust quickly to new surroundings. I am always looking forward to be effective and needful in company, helping to improve company results with my skills and hard work.</p>
