## PERSONALITY & PROFESSIONAL ATTITUDE

Experienced marine engineer with a proven track record of Ship Technical Systems and Complexes maintenance. I started my career in 18 y.o. through cadets program. I have 3,5 years sea service. I'm base in Poland. Adept in the construction and operating process of main and auxiliary ship's machinery, familiar with the watch-keeping procedure, working with a multinational crew, think that critical thinking, self-improvement, and mediation, it's the main three important professional skills that will help you with different situations that may happen on a ship.
