My Motivation Letter

I'm Ship's 3rd Engineer with experience on Offshore AHTS and merchant's fleet. I am looking for a permanent position as 3rd Engineer in the offshore marine sector. I have skills to maintain and troubleshoot different engine types and electrical systems on board ships. I am committed to safety, teamwork, and operational efficiency.

I would appreciate the opportunity to contribute to your team. My goal is to contribute to the success of a reputable company by providing high-quality maritime services and ensuring safe and efficient operations on board.
