Estonian

Russian

As a self-motivated, results-oriented, and proactive Marine Professional with over 10 years of seafaring experience in Maritime operations, I am actively involved in shipboard management and conduct safe maritime operations in strict compliance with industry standards. Additionally, I bring two years of experience as an HSEQ Consultant, where my main role involves implementing safety measures and maintaining high-quality standards on board vessels. As a Senior Officer, I engage in risk assessments, implement control measures, and strive to enhance safety standards, all while fostering a positive work environment for the entire crew.
