SUMMARY

Trustworthy Chief engineer with 1 year of practical experience ensuring uninterrupted operation of the main engine and auxiliary equipment through timely maintenance of mechanisms, the ability to react quickly and correctly in critical situations. Self-motivated to consistently provide first-class maintenance in line with stringent targets and deadlines.

EXPERIENCE

Chief Engineer, Horizon Maritime, North Sea Shipping 2024-Current

- Ensured consistent safety compliance to minimize errors and potential injuries.
- Maintained electricity, hot and cold water, sewerage treatment, and heating and air conditioning to ship's living areas to ensure guest and crew comfort.
- Ensured main engines and associated machinery, electrics, refrigeration, air conditioning and cargo-handling equipment were operating efficiently and effectively.
- Analyzed readings for trends, making adjustments to machinery operation as required.
- Thoroughly monitored automatic data-recording equipment, recording additional readings manually as required.
- Performed major maintenance work such as overhaul of main engines and auxiliary equipment while in port.
- Maintained engine room stores, recording detailed usage of parts and equipment.
- Performed regular maintenance of the main engine, swiftly repairing defective auxiliary equipment to minimize wearing and damages.
- Supported economic spending within nursery budgets for effective financial management.
- Analyzed and secured established systems to maintain exceptional performance levels.
- Kept comprehensive electrical repair logbooks, precisely documenting issues for thorough reference and assessment.
- Performed engine room watch duties on daily basis.

SKILLS

- Performance testing
- Hand tool operation
- Physically fit
- Fault diagnosis
- Engine maintenance
- Repair tasks
- Excellent manual dexterity
- Power tool operation
- Emergency procedures
- Safety compliance
- Equipment maintenance
- Engine types: Cummins, CAT, Wartsila
- DP 2, DP 3 vessels: MPSV, CSV, Construction, DSV
- DP systems: Kongsberg, Converteam, Rolls Roys

- Dry Dock experience
- Diving, ROV support
- Accommodation barge experience
- MacGregor, Lori, TTS, Hydromarine cranes technical maintenance and repairing
- Technical report writing
- Schematics understanding
- AIR/SAT diving Experience

EDUCATION

Diploma of Higher Education

mechanical engineer, Odessa National Maritime Academy, Odessa 2012

CERTIFICATIONS

- First class Engineer License, III/2
- STCW certificates
- High Voltage certificate
- HUET Opito
- DP Maintenance certificate & Log book
- Medical examination
