

CURRICULUM VITAE

PERSONAL PROFILE

I am a highly motivated and experienced Marine Engineer with a proven track record of success both at sea and in shipyards. I have gained valuable hands-on experience in all aspects of marine engineering while sailing on board ship. I also have experience working in various shipyards in Kenya, where I honed my skills in maintenance, repair, and troubleshooting. I am eager to contribute my skills and expertise to a challenging and rewarding role within a dynamic maritime environment.
